

TRIPOD SCREEN

This is a portable screen with a stabile construction which endures the strains in mobile environment. The screen is equipped with the classic three legged tripod stand and the upper adjustable arm give you an exact height adjustment. This screen is perfect for travelling businessmen, in the office or in places where there is lack of space and you can not mount a screen on the wall.

CASSETTE / COLOUR

The cassette and the tripod stand are made of sheet metal and painted in black.

BLACK BACKSIDE

Our tripod screen is black on the backside to achieve the best blackness, contrast and to reduce light to shine through.

SCREEN FABRIC / GAIN

The screen fabric is white with PVC-covered polyester to achieve a flat surface. The screen is made of our basic fabric and the gain is 1,1.
